

NOVEMBER 2024

Hi Everyone,

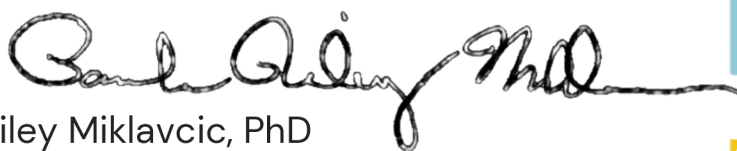

This past Tuesday was our annual DRIVING CHANGE BREAKFAST at the MSUFCU Headquarters in East Lansing. AF Group, Dean Transportation, UMH-Sparrow and the MSUFCU were our sponsors. We are grateful for their support!

The 190 individuals who came out so early in the morning to celebrate our first ten years listened to the following poem that describes the work and dedication of our unforgettable volunteers and staff.

I am also providing you with a link to yesterday's program: [\[See Below\]](#). The family testimonials were especially moving!

I hope you will take time to both read the poem and watch yesterday's program. Then I hope you will consider making a donation and/or driving for us.

Take Care,

Pamela Riley Miklavcic, PhD
Founder and CEO

Poem: Guiding Lights

Through the quiet streets or rush of day,
You lead the way, come what may.
With steady hands and hearts so wide,
You're more than drivers—you're our guide.

For tiny hands that need to heal,
For moms whose strength is made of steel,
For families braving skies of gray,
You drive, you care, you light the way.

Each ride you give is more than miles,
It's filled with hope, with gentle smiles.
Through your kindness, burdens ease,
You bring comfort, you bring peace.

To those whose journey seems so long,
You help them know they still belong.

For every trip to NICU doors,
You give them strength, and you make them soar.
With every child, with every ride,
You stand forever by their side.

In moments hard, in times of grace,
You are the hope that love can trace.

So, here's to you, with hearts so true,
For all the good that you pursue.
Our volunteer drivers, heroes rare—
You drive with love beyond compare.
