

MARCH 2025

A Miracle at Jersey Mike's: Your Impact in Action

Dear Friends,

The most wonderful thing happened today...

My intern, Brooke, and I spent part of the day seeking business sponsors for Max's Race that is coming up in June. It was a sunny, warmish day—great for running errands.

At a local deli, when we introduced ourselves, a young woman working behind the counter gasped and said we used to drive her to her appointments! She finished treatments for cancer just three years ago and The Davies Project was the lifeline that drove her back and forth to Ann Arbor for all of her medical care.

Angel was happy and healthy and so excited to see us! We hugged and laughed and enjoyed our reunion while Angel showed off a colorful new tattoo that simply says SURVIVOR. It was a vibrant reminder that the seeds of kindness we plant today can blossom into a lifetime of strength and joy.

During a stretch when funding feels impossible to come by and there are big concerns in the air about our families who rely on Medicaid, this was just the medicine the doctor ordered. It's the first time I have run into a former client—and it filled my day with joy.

I just wanted to share this story with you because these moments are at the heart of what we do daily at The Davies Project. Even in the face of uncertainty, we can create miracles.

Thanks for your support. Together, we are doing great things... and together, we can do even more. Imagine the countless Angels we can help thrive with your continued generosity. Every dollar you give fuels our mission, ensuring that no one faces their journey alone.

In sincere gratitude,

Pam
